

FOR FURTHER WEEKLY STUDY

◆ READ

Romans 1:8-17 and Romans 7:14-25

What evidence does Paul give that he sees himself as a selfaholic?

◆ THINK

Score yourself:

You might be a selfaholic if ...

You seldom thank God for others.

You prefer not to see others.

You do not look to encourage others.

You do not expect to be encouraged by others.

You rarely make plans to visit others.

You are not eager to talk to others about God.

You think others need grace but you can stand on your record.

You find it hard to give grace to others.

◆ ACT

Looking at the above test...

Pick the three that have the strongest hold on you. Now pray to recognize a chance to act free of that addiction today.
